

# VIRTUAL Career Connections

## A Job Exploration and Readiness Program for Middle Schools

NCISI Career Connections is a unique pre-ets 10-week classroom curriculum designed for middle school students (14+, IEP, 504). Each week our expert staff will conduct virtual sessions on career readiness and employability skills.

Through fun, interactive learning online activities, students will begin developing an understanding about the job market, employer expectations, and how to match their interests to careers.

Our lesson plans include:

- Exploration of Interests and Strengths
- Importance of Soft Skills
- Aligning Occupations with Cost of Living
- Self-Advocacy & Labor Laws
- Social Media and a Digital Footprint
- Introduction to the Job Search Process
- Importance of First Impressions
- The Job Interview
- Workplace Environments & Behaviors
- Introduction to Resume Writing & Having References

For more information and to request Career Connections for your school please contact
